Petroleum (Liquid Petroleum Gas) Regulations, 2014

IT is hereby notified that the Minister of Energy and Power Development after consultation with the Zimbabwe Energy Regulatory Authority, has, in terms of section 57 of the Petroleum Act [*Chapter 13:22*], as read together with section 7 of the Energy Regulatory Authority Act [*Chapter 13:23*], made the following regulations: -

Title

1. These regulations may be cited as the Petroleum (Liquid Petroleum Gas) Regulations, 2014.

Interpretation

2. In these regulations-

"Act" means the Petroleum Act [*Chapter 13:22*]; read in conjunction with the Energy Regulatory Authority Act [*Chapter 13 :23*];

"Bulk Liquid Petroleum Gas" means Liquid Petroleum Gas (hereafter referred to as LPG as) contained in a receptacle of a capacity exceeding eighty kilograms;

"cylinder or brand owner" means a licensed person who has introduced cylinders, bearing his or her brand name or mark, into the market through his or her network of wholesalers or retailers, by purchasing or importing from a manufacturer or acquiring the cylinders or brand from another licensee;

"ISO 6406: 2005 on Periodic Inspection, Testing and Maintenance of Transportable Gas Containers" refers to an International Standard which gives guidelines on the testing of cylinders of Liquefied Petroleum Gas;

"licence" means a legal instrument issued by the Regulatory Authority granting rights and obligations of the liquefied Petroleum Gas business operator;

"licensee" means the holder of a licence issued under these regulations;

"Liquid Petroleum Gas" means LPGas which is normally commercial propane, commercial butane or mixture thereof and meets quality specifications as specified in

ZWS 965: 2012; Specification for Liquefied Petroleum Gases.

"LPGas storage" means the storing of LPGas in premises consisting of one or more tanks or cylinders in transit or for sale;

"Minister" and "Ministry" mean respectively the Minister and Ministry responsible for Energy;

"permit" means an instrument issued by the Regulatory Authority granting rights to perform specific LPGas business operations;

"premises" includes any installation on land or vehicle storing . LPGas;

"retail in LPGas" means a form of distribution of LPGas by which the LPGas is customarily sold to consumers other than for the purpose of resale;

"Regulatory Authority" means Zimbabwe Energy Regulatory Authority;

"wholesale trade" means a form of distribution of LPGas by which LPGas is customarily sold for the purposes of resale;

"standard LPGas cylinder" means any LPGas cylinder whose characteristics are consistent with SANS 10019:2011; Transportable pressure receptacles for compressed, dissolved and liquefied gases-Basic design, manufacture, use and maintenance;

"SANS 10019: 2011 on Transportable pressure receptacles for compressed, dissolved and liquefied gases-basic design, manufacture, use and maintenance" means the minimum requirements for the design, manufacture, use and maintenance of refillable and non-refillable pressure receptacles of water capacity 0.51 to 3000l and cartridges of >0.51 which ideally is inclusive of the LPGas cylinders;

"SAZ quality standard, ZWS 965: Specification for Liquefied Petroleum Gases" means guidelines on the minimum

quality specifications for Liquefied Petroleum Gas which is recommended in Zimbabwe;

"ZWS" stands for "Zimbabwe Standard", being the recognised international acronym that prefixes standards designations issued by the Standards Association of Zimbabwe.

Licence for LPGas business

3. (1) No person shall conduct a business of wholesaling and retailing of LPGas to consumers and related activities except under and in accordance with the terms and conditions of a licence granted by the Regulatory Authority under these regulations.

(2) Any person who contravenes subsection (1) shall be guilty of an offence and liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment.

(3) Any person who wishes to obtain or renew a licence under these regulations shall make an application to the Regulatory Authority in the manner prescribed by these regulations.

Application for LPGas wholesale licence

4. (1) Any person wishing to conduct business of wholesaling LPGas to consumers and related activities in Zimbabwe must complete **Form ERI** (as set out in the First Schedule) in triplicate and submit two copies of it, together with the prescribed application fee (as set out in the Second Schedule) (which is non-refundable), to the Regulatory Authority.

- by-
- (2) An application under subsection (1) shall be accompanied
- (a) an Environmental Impact Assessment Certificate issued by the Environmental Management Authority (EMA); and
 - (b) proof that the Bulk LPGas storage facility complies with Building Inspectorate requirements, Certificate of Occupation from the local authority for the purpose of doing LPGas business; and

- (c) a clearance certificate from the Chief Fire Officer in accordance with the Urban Councils Act; and
- (d) a copy of certificate of adherence to SAZ standard ZWS 960 (Part 1-3) on the Handling, Storage and Distribution of LPG in Domestic, Commercial, and Industrial installations issued by an accredited LPGas installer; and
- (e) proof of certificate of business registration; and (f) proof of premise ownership or lease; and
- (g) proof of certificate of occupation from a local authority.

(3) The Regulatory Authority shall within 14 days, acknowledge receipt of the application submitted under subsection (1) in writing to the applicant.

(4) If, on consideration of an application in terms of subsection (1), the Regulatory Authority is satisfied that-

- (a) the applicant will comply with these regulations and with the general licence terms and conditions applicable to the wholesale of liquid petroleum gas outlined under section 5; and
- (b) the grant of the licence does not infringe the rights of any other licensees; and
- (c) the grant of the licence is in the public interest;

the Regulatory Authority shall issue the appropriate licence to the applicant.

(5) Within 30 days after the issue of a licence referred to in subsection (4) the Regulatory Authority shall, at the licensee's expense, cause the licence to be published in the *Gazette* and in a newspaper circulating in the area in which the licensee intends to have its principal place of business.

(6) If, on consideration of an application submitted in terms of subsection (1) the Regulatory Authority is not satisfied as to the matters referred to in subsection (4), it shall refuse to issue licence to the applicant concerned:

Provided that-

- (a) before so refusing, the Regulatory Authority shall notify the applicant in writing of its intention to do so and afford the applicant an adequate opportunity to make representations on the matter;
- (b) within twenty days after its refusal to issue a licence on any ground, the Regulatory Authority shall notify the applicant in writing of its decision and of the reasons for it.

(7) The period between the Regulatory Authority's receipt of an application in terms of subsection (1) and all documents and information submitted in support of it, and the date on which it notifies the applicant of its final decision, shall not exceed three months unless the applicant consents to an extension of the period.

Conditions attaching to LPGas wholesale licence

5. It shall be deemed to be a condition of the licence issued under section 4(4) that-

- (a) no licensee shall transfer his or her licence to another person during the currency of the licence except with the prior written permission of the Regulatory Authority; and
- (b) a wholesale licensee shall not conduct the business of wholesale trade in LPGas except in accordance with SAZ standard *ZWS960 Part 1-3: Handling, Storage and Distribution of LPG in Domestic, Commercial, and Industrial installations*; and
- (c) the owner of the LPGas cylinders shall ensure that the maintenance and testing is done in accordance with ISO 6406: 2005 on Periodic Inspection, Testing and Maintenance of Transportable Gas Containers; and
- (d) a person shall not conduct a business of wholesale trade in LPGas in cylinders (9 kg and above which are branded) without the authority of the brand owner for cylinders; and
- (e) every repairs of branded cylinders (9 kg and above) shall only be done by approved agents accredited by the owner of the cylinders/brand; and

- (f) every repairs to other cylinders (below 9 kg which are not branded and are owned by end-user) shall only be done by approved agents at end-user cost; and
- (g) a person who wishes to be a wholesaler of LPGas shall have a minimum fixed bulk storage capacity of at least 40 tonnes: and
- (h) a person licensed to conduct a business of wholesale trade in LPG as in cylinders shall not sell LPGas cylinders that do not conform to *SANS 10019: 2011- Transportable pressure receptacles for compressed, dissolved and liquefied gases-Basic design, manufacture, use and maintenance* or an equivalent standard approved by ZERA; and
- (i) No wholesaler may sell LPGas to an unlicensed retailer.

Issuance, duration, surrender and renewal of licence

6. (1) Every licence shall be valid for a period not exceeding two calendar years.

(2) If an application for a licence is successful (whether approved with or without conditions by the Regulatory Authority in terms of section 4(4), the Regulatory Authority shall-

- (a) inform the applicant accordingly; and
 - (b) issue to the applicant a licence in Form ERI (LPGas wholesale licence), upon payment by the applicant of the prescribed issuance fee; and
 - (c) make an appropriate entry in the licensing register.
- (3) A person who makes an application [or a licence-
- (a) in the first quarter of the year, shall pay the full prescribed issuance fee; or
 - (b) in the second quarter of the year, shall pay three-quarters of the prescribed issuance fee; or
 - (c) in the third quarter or fourth quarter of the year, shall pay half of the prescribed issuance fee.

(4) If a licensee who is licensed to wholesale LPGas ceases to operate as such in the area for which he or she is licensed, he or

Petroleum (Liquid Petroleum Gas) Regulations, 2014

she shall, within 30 days of ceasing to operate as a LPGas wholesaler, surrender his or her licence to the Regulatory Authority from whom he or she obtained it.

(5) Any person who contravenes subsection (4) shall be guilty of an offence and liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment

(6) Upon expiry of a licence, a licensee may renew it by making an application therefor no later than 31 days after the expiry of the existing licence by submitting it to the Regulatory Authority.

(7) Upon receipt of an application for the renewal of a licence(a) the Regulatory Authority shall satisfy himself or herself that the application form for the renewal of a licence has been properly completed and that there has been no material change of the details of the existing licence, and if so satisfied, shall renew the licence by endorsing the existing licence accordingly;

(b) the Regulatory Authority shall renew a licence, provided that there is no evidence to prove that the licensee contravened or is in contravention of any provision of these regulations.

(8) The same procedure as is prescribed in section 4 for the issuance of an original licence shall apply.

Suspension or cancellation of licences

7. (I) The Regulatory Authority may, on its own initiative or upon receiving a complaint from-

- (a) any consumer of liquid petroleum gas or any association considered by the Regulatory Authority to be sufficiently representative of such consumers; or
- (b) any other licensee or person involved in the wholesaling of liquid petroleum gas;

conduct an inquiry into the operations of any licensee to determine its compliance with these regulations and its licence,

(2) In conducting an inquiry in terms of subsection (1), the Regulatory Authority shall have the same powers, rights and privileges as are conferred upon a commissioner by the Commissions of Inquiry Act [*Chapter 10:07*], other than the power to order a person to be detained in custody, and sections 9 to 13 and 15 to 19 of that Act shall apply with any such changes as may be necessary in relation to such inquiry.

(3) If after an inquiry held in terms of subsection (2), the Regulatory Authority is satisfied that-

- (a) the licensee has contravened any provision of these regulations; or
- (b) the licensee has failed to comply with any terms or conditions of its licence; or
- (c) the financial position of the licensee is such that it is unable to fully and efficiently discharge the duties and obligations imposed on it by its licence;

the Regulatory Authority may cancel the licence.

(4) The Regulatory Authority shall notify the licensee in writing of the date and venue of an inquiry under this section and shall allow the licensee an opportunity to make representations at the inquiry.

Amendment and replacement of licences

8. (1) A Regulatory Authority may at any time amend a licence or any terms or conditions of a licence-

- (a) to correct any error in the licence; or
- (b) if the licensee requests the amendment; or
- (c) if it considers the amendment necessary to reflect the true nature of the licensed activities; or
- (d) if for any other reason the Regulatory Authority considers the amendment necessary or desirable in the interests of the environment or in the public interest.

(2) The Regulatory Authority shall notify the licensee in writing of its intention to amend a licence on a ground referred to in

subsection (1)(a), (c) or (d) and shall call upon the licensee to show cause, within 14 days from the date of the notice, why the licence should not be amended.

Register of licences

9. (1) The Regulatory Authority shall maintain or cause to be maintained a register of licences in which shall be recorded in relation to each licence-

- (i) the name of the licensee; and
- (ii) the nature of the licence; and
- (iii) any terms and conditions subject to which the licence was issued; and
- (iv) any renewal, amendment, suspension or cancellation of the licence.

(2) The register kept in terms of subsection (1) shall be open for inspection by members of the public at all reasonable times at the offices of the Regulatory Authority on payment of a fee, if any, specified by the Regulatory Authority.

Application for a LPG as retail licence

10. (1) Any person wishing to conduct business of retailing LPGas to consumers and related activities in Zimbabwe must complete Form **ER2**(as set out in the First Schedule) in triplicate and submit two copies of it, to get her with the prescribed application fee (as set out in the Second Schedule) (which is non-refundable), to the Regulatory Authority.

(2)An application under subsection (1) shall be accompanied by-

- (a) an Environmental Impact Assessment Certificate issued by the Environmental Management Authority (EMA); and
- (b) proof that the Bulk LPGas storage facility complies with Building Inspectorate requirements, Certificate of Occupation from the local authority for the purpose of doing LPGas business; and

- (c) a clearance certificate from the Chief Fire Officer in accordance with the Urban Council Act; and
- (d) a copy of certificate of adherence to SAZ standard ZWS 960 (Part 1-3) on the Handling, Storage and Distribution of LPG in Domestic, Commercial, and Industrial installations issued by an accredited LPGas installer; and
- (e) proof of certificate of business registration; and (f) proof of premise ownership/lease; and
- (g) proof of certificate of occupation from a local authority.

(3) The Regulatory Authority shall within 14 days, acknowledge receipt of the application submitted under subsection (1).

(4) If, on consideration of an application submitted in terms of subsection (1), the Regulatory Authority is satisfied that-

- (a) the applicant will comply with these regulations and with the general licence terms and conditions applicable to the wholesale of liquefied petroleum gas outlined under section 11; and
- (b) the grant of the licence does not infringe the rights of any other licensees; and
- (c) the grant of the licence is in the public interest;

the Regulatory Authority shall issue the appropriate licence to the applicant.

(5) Within 30 days after the issue of a licence referred to in subsection (4) the Regulatory Authority shall, at the licensee's expense, cause the licence to be published in the *Gazette* and in a newspaper circulating in the area in which the licensee intends to have its principal place of business.

(6) If, on consideration of an application submitted in terms of subsection (1) the Regulatory Authority is not satisfied as to the matters referred to in subsection (4), it shall refuse to issue a licence to the applicant concerned:

Provided that-

- (a) before so refusing, the Regulatory Authority shall notify the applicant in writing of its intention to do so and afford the applicant an adequate opportunity to make representations on the matter;
- (b) within 20 days after its refusal to issue a licence on any ground, the Regulatory Authority shall notify the applicant in writing of its decision and of the reasons for it.

(7) The period between the Regulatory Authority's receipt of an application in terms of subsection (1) and all documents and information submitted in support of it, and the date on which it notifies the applicant of its final decision, shall not exceed three months unless the applicant consents to an extension of the period.

Conditions attaching to LPGas retail licence

11. It shall be deemed to be a condition of the licence issued under section 10(4) that-

- (a) no licensee shall transfer his or her licence to another person during the currency of the licence except with the prior written permission of the licensing Authority; and
- (b) no person shall alter the branding or deface, damage, repair or submit for maintenance any LPGas cylinder without written authorisation of the brand owner; and
- (c) a person shall not fill the standard capacity cylinder unless the cylinder conforms to SANS 10019:2011 Transportable pressure receptacles for compressed, dissolved and liquefied gases- Basic design, manufacture, use and maintenance; and ISO 6406; 2005 Periodic Inspection, Testing and Maintenance of Transportable Gas Containers; and
- (d) no person shall fill cylinders above 15 kg belonging to other brand owners without permission from the brand owner; and

- (e) every retail licensee shall only conduct the business of retailing LPGas in accordance with SAZ standard ZWS960: Part 1-3The Handling, Storage and Distribution of LPG in Domestic, Commercial, and Industrial installations; and
- (f) no licensee shall fill faulty cylinders and in the case of individually owned cylinders, the licensee shall advise the customer to take it for repairs to an approved or certified test station; and
- (g) a licensee dealing with LPG cylinders in a retail outlet shall not store the cylinders in an enclosed area; and
- (h) every retailer selling LPGas shall have a properly calibrated weighing instrument in accordance with the Trade Measures Act [*Chapter 14:23*] for verification of the net contents of LPG-as cylinders.

Issuance, duration, surrender and renewal of licence

12. (1) Every Licence shall be valid for a period Dot exceeding two calendar years.

(2) If an application for a licence is successful (whether approved with or without conditions by the Regulatory Authority in terms of section 10(4), the Regulatory Authority shall-

- (a) inform the applicant accordingly; and
 - (b) issue to the applicant a licence in **Form ER2** (LPGas Retailing), upon payment by the applicant of the prescribed issuance fee; and
 - (c) make an appropriate entry in the licensing register.
- (3) A person who makes an application for a licence-
- (a) in the first quarter of the year, shall pay the full prescribed issuance fee; or
 - (b) in the second quarter of the year, shall pay three-quarters of the prescribed issuance fee; or
 - (c) in the third quarter or fourth quarter of the year, shall pay half of the prescribed issuance fee.

Petroleum (Liquid Petroleum Gas) Regulations, 2014

(4) If a licensee who is licensed to fill or retail LPGas ceases to operate as such in the area for which he or she is licensed, he or she shall, within 30 days of ceasing to operate as an LPGas importer or, surrender his or her licence to the licensing Regulatory Authority from whom he or she obtained it

(5) Any person who contravenes subsection (4) shall be guilty of an offence and liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment

(6) Upon expiry of a licence, a licensee may renew it by making an application therefor no later than 31 days after the expiry of the existing licence by submitting it to the Regulatory Authority.

(7) Upon receipt of an application for the renewal of a licence

(a) the Regulatory Authority shall satisfy itself that the application form for the renewal of a license has been properly completed and that there has been no material change of the details of the existing licence, and if so satisfied, shall renew the licence by endorsing the existing licence accordingly;

(b) Regulatory Authority shall renew a licence, provided that there is no evidence to prove that the licensee contravened or is in contravention of any provision the Act and of these regulations.

(8) The same procedure as is prescribed in section 10 for the issuance of an original licence shall apply.

Suspension or cancellation of licence

13. (1) The Regulatory Authority may, on its own initiative or upon receiving a complaint from-

- (a) any consumer of liquid petroleum gas or any association considered by the Regulatory Authority to be sufficiently representative of such consumers;
- (b) any other licensee or person involved in the importation or wholesaling of liquid petroleum gas;

conduct an inquiry into the operations of any licensee to determine its compliance with these regulations and its licence.

(2) In conducting an inquiry in terms of subsection (1), the Regulatory Authority shall have the same powers, rights and privileges as are conferred upon a commissioner by the Commissions of Inquiry Act [Chapter 10:07], other than the power to order a person to be detained in custody, and sections 9 to 13 and 15 to 19 of that Act shall apply with any such changes as may be necessary in relation to such inquiry.

(3) If, after an inquiry held in terms of subsection (2), the Regulatory Authority is satisfied that-

- (a) the licensee has contravened any provision of these regulations; or
- (b) the licensee has failed to comply with any term or condition of its licence; or
- (e) the financial position of the licensee is such that it is unable to fully and efficiently discharge the duties and obligations imposed on it by its licence;

the Regulatory Authority may cancel the licence.

(4) The Regulatory Authority shall notify the licensee in writing of the date and venue of an inquiry under this section and shall allow the licensee an opportunity to make representations at the inquiry.

Amendment and replacement of licences

14. (1) The Regulatory Authority may at any time amend a licence or any terms or conditions of a licence -

- (a) to correct any error in the licence; or
- (b) if the licensee requests the amendment; or
- (e) if it considers the amendment necessary to reflect the true nature of the licensed activities; or
- (d) if for any other reason the Regulatory Authority considers the amendment necessary or desirable in the interests of the environment or in the public interest.

(2) The Regulatory Authority shall notify the licensee in writing of its intention to amend a licence on a ground referred to in subsection

(1)(a), (c) or (d) and shall call upon the licensee to show cause, within 14 days from the date of the notice, why the licence should not be amended.

Register of licences

15. (1) The Regulatory Authority shall maintain or cause to be maintained a register of licences in which shall be recorded, in relation to each licence-

- (i) the name of the licensee; and
- (ii) the nature of the licence; and
- (iii) any terms and conditions subject to which the licence was issued; and
- (iv) any renewal, amendment, suspension or cancellation of the licence.

(2) The register kept in terms of subsection (1) shall be open for inspection by members of the public at all reasonable times at the offices of the Regulatory Authority on payment of a fee, if any, specified by the Regulatory Authority.

Powers of inspection

16. (1) The Regulatory Authority or any person acting on its behalf, may inspect any vehicle, premises, facility or installation suspected of being engaged in the business of transportation, processing, supply, storage and distribution, wholesale and retail of LPG as for the purpose of ascertaining whether the provisions of the Act and these regulations are being observed.

(2) Where the Regulatory Authority or any person acting on its behalf, find that a licensee is in contravention of the Act or these regulations, the Regulatory Authority or any person acting on its behalf may by written notice give such directions to the owner, occupier or person in charge of such vehicle, premises, facility or installation as it considers necessary.

(3) Where the Regulatory Authority calls upon a licensee, by a notice in writing, to execute any repairs to the licensed premises,

which may, in the opinion of the Regulatory Authority are necessary, the licensee shall execute the repairs within such period as may be fixed by the notice.

(4) Any person, who resists, hinders or obstructs the Regulatory Authority or any person acting on its behalf from discharging its or his or her duties under the provisions of section 6(1) shall be guilty of an offence and shall be liable to a fine not exceeding level nine or imprisonment for a period not exceeding five years or to both such fine and such imprisonment.

(5) Without derogating from any other forms of penalties that the Regulatory Authority may impose against the licensee or the person referred to in subsection (4), where the person who contravenes the provisions of sections 16(4) is licensed under these regulations, the Regulatory Authority may suspend or revoke his or her licence.

Reporting of accidents and fires

17. (1) A licensee shall in writing and within 48 hours report to the Regulatory Authority-

- (a) any accident involving LPGas or the transportation of LPGas which causes injury to an employee or any other person or damages property;
- (b) an accidental release of LPG as;
- (c) any fire in which LPGas is involved.

(2) A licensee who fails to comply with paragraphs (a), (b) and (c) of subsection (1) shall be guilty of an offence and liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment

LPGas minimum quality specifications

18. (1) No person shall import into Zimbabwe, LPGas which does not meet the minimum LPGas specifications as per SAZ quality standard, ZWS 965: *Specification for Liquid Petroleum Gases*.

(2) All imported LPGas shall be accompanied by a quality certificate from [he supplier.

Petroleum (Liquid Petroleum Gas) Regulations, 2014

(3) The wholesaler shall avail the quality certificate upon request from the Regulatory Authority and customer who intends to purchase the product for either resale or own use.

(4) Any person who contravenes subsections (1) and (2) shall be guilty of an offence and liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment

LPGas skills certification

19. (1) Every person who engages in construction, installation or maintenance of LPGas facilities, equipment and appliances must have a certificate of competency issued by the Regulatory Authority or its appointed agent.

(2) The certificate must ensure that the person certified under subsection (1) above has the necessary LPGas knowledge and skills to undertake LPGas works.

(3) Any person who engages in the construction, installation or maintenance of LPGas facilities, equipment and appliances without a certificate referred to under subsections (1) and (2) shall be guilty of an offence liable to a fine not exceeding level nine or to imprisonment for a period not exceeding five years or both such fine and such imprisonment.

LPGas cylinder manufacture and testing

20. (1) A person shall not manufacture LPG-as cylinders, except in accordance with the terms and conditions of a valid licence issued under these regulations by the Regulating Authority.

(2) The design and manufacture of LPG as cylinders shall be done in accordance to the standard SANS 10019: 2011 on Transportable pressure receptacles for compressed, dissolved and liquefied gases - Basic design, manufacture, use and maintenance.

Responsibility of licensees

21. A licensee shall take all reasonable and proper steps to ensure that-

1.

- (a) the provisions of these regulations and the conditions of the license are known to and observed by all persons employed in or usually present in or about the licensed premises; and
- (b) unauthorised persons do not have access to the licensed premises.

General penalty

22. (1) A person who contravenes any of the provisions of these regulations commits an offence and shall on conviction, be liable to a fine not exceeding level nine or imprisonment for a period not exceeding five years or to both such fine and such imprisonment.

(2) In any case where the person who contravenes any of the provisions of these regulations is licensed under these regulations, the Regulatory Authority may, after due enquiry, suspend or revoke his or her licence notwithstanding any other penalties that may have been imposed.
